CAREER OBJECTIVE

Recent Information Technology graduate and fresher with practical, project-based and internship experience in Excel, SQL, Python, statistical analysis, data cleaning, exploratory data analysis (EDA), data visualization, and Power BI dashboard development. Eager to begin a full-time career as a Data Analyst, apply strong analytical foundations to real business problems, and grow under experienced mentorship in a data-driven organization.

SKILLS

Data Analytics: Data Cleaning, Exploratory Data Analysis (EDA), Statistical Analysis, Trend Analysis, KPI Tracking
Programming & Databases: Python (Pandas, NumPy), SQL, MySQL, MySQL Workbench
Visualization & BI: Power BI, MS Excel (Advanced), Matplotlib, Seaborn, Streamlit, Dashboard Development, Data Storytelling
Tools & Platforms: Jupyter Notebook, VS Code, Git/GitHub, Spreadsheet Analysis

PROJECTS

Superstore Sales Analysis

Tools: Excel, Power BI, Python, Jupyter Notebook

- Cleaned and transformed raw sales data to ensure accuracy for analysis.
- Performed EDA to analyze sales, profit, and customer purchasing trends.
- Conducted category-wise and region-wise performance analysis to surface growth opportunities.
- Built an interactive Power BI dashboard to visualize KPIs for stakeholder reporting.

HR Analytics Dashboard

Tools: Excel, MySQL, Python, Power BI

- Cleaned and preprocessed employee data to prepare it for accurate analysis.
- Performed EDA to analyze attrition, job satisfaction, and workforce trends.
- Wrote SQL queries to extract and consolidate insights across departments and job roles.
- Built an interactive Power BI dashboard to track Attrition Rate, Employee Count, and other key HR metrics.

INTERNSHIPS & TRAINING

Data Analytics Intern | Unified Mentor (Virtual) *Mar 2026 – Jun 2026*

- Cleaned, transformed, and analyzed structured datasets using Excel, Python, and SQL to ensure data accuracy and consistency.
- Performed exploratory data analysis (EDA) to identify patterns, trends, and actionable business insights.
- Built visual reports and interactive dashboards to track KPIs and support data-driven decision-making.
- Applied Python libraries (Pandas, NumPy) for data preprocessing, cleaning, and analysis.

Web Developer Intern | Excellence Technology *Jun 2025 – Jul 2025*

- Developed and maintained responsive web pages using front-end technologies (HTML, CSS, JavaScript).
- Strengthened understanding of data presentation, UI design, and web-based reporting.
- Collaborated with a team on project tasks, improving problem-solving and technical communication skills.

CERTIFICATIONS

- Data Analyst Intern — Unified Mentor (Jun 2026)
- Web Development — Excellence Technology (Jul 2025)
- Data Science Professional Certificate — IBM (Jun 2025)

EDUCATION

Bachelor of Technology – Information Technology
SKIT College | CGPA: 7.0
Intermediate (PCM)
Prince High School | Percentage: 78.80% | Mar 2023
Matriculation
Sai Discovery Sr. Sec. School | Percentage: 82.33% | Mar 2020

CORE STRENGTHS

Analytical Thinking | Problem Solving | Attention to Detail | Data-Driven Decision Making | Business Insight Communication | Quick Learner | Self-Motivated Learner
